**Subject:** Comment for S4f Asset Transfer

Good morning

I live in the Cornton and have met S4F Team on lots of occasions now at the Community centre where they have become regular faces.

I support S4F because I feel that they are helping young people and children by keeping them on the straight and narrow . I believe the children will enjoy the activities that they will offer as they possibly wouldn't get a chance to try some of the stuff or places they take them due to deprivation, substance misuse and other circumstances.

Thank you.
