**Subject:** Support for Families Service

Dear [REDACTED]

I am writing to you to give my support to the Support for Families Service accessing the Family Hub in Cornton. This is a great opportunity for the service to grow, diversify and ultimately offer more opportunities to children, young people and adults affected by addiction.

Support for Families is a unique service that provides a holistic approach to support. I have witnessed how their support can make a difference in the lives of those who benefit from the service. For many, the service is the only support network for them and reduces isolation by providing a social network.

The current facility doesn't allow the service to meet the demand and many people are missing out on this purely because the staff and volunteers don't have the resources. Accessing this facility would open up many more options for Support for Families to generate more financial and human resources to offer more afterschool clubs, social events, counselling, and much more as well as a positive outlook on life to more people from the area.

I really feel this would be a great opportunity for the service to achieve its aspirations. The staff and volunteers work tirelessly to support the people as they care.

I would be delighted to provide more information if required.

Best Wishes,

[REDACTED]
